A Message From The Principal

Red Ribbon week was a great success this week. Hopefully, quality programs like this will help our children to resolve to be drug free for life. Thank you Mr. Cromer, ASC members, and all others who were instrumental in making this great program happen for our kids. Good Job!

Halloween is here and loaded with fun activities. As you know, we have our in school parade at noon, with parents invited. Saturday is our Halloween Carnival at Sand Point School. It will go from 1:00-3:00pm. A good time can be had by all. Also, just a reminder to please drive carefully, and be watchful, during the trick or treat hours.

Have a wonderful weekend.
Joseph V. Haslem

Thank You !!!

Thank You to the City of Sand Point, Peter Pan, Aleutian China, and Marine View B&B the **newest sponsors of the teams.**

Their support is helping with the foundation for programs that will breed success in the classroom and out on the courts.

The new volleyball uniforms have arrived and the team will be traveling in style to Dillingham this weekend. Wish them luck. The girls have been working hard and they are very excited to play.

The team is selling Sand Point Athletics t-shirts for \$20 There are also volleyball hoodies for sale for \$50, if you wish to order one with your name imprinted on the back for \$60 contact for Ms Jones.

AR NEWS

Swimming Pool

by Anthony

The swimming pool is a special place to me. It is fun to play with pool toys. Diving makes me feel like I'm going too deep in the ocean.

You can go in the cool, blue, and deep water and shallow water to have a race. In the pool we put the green and blue noodles around our bodies so we don't drown. Sometimes we play whacking games too. The rockets go fast underwater and we go after them. To play basketball in the pool you aim but don't dribble so you just have to shoot a lot.

The water slide is gray and curving. When the water is turned on we go very fast and it feels thrilling!

Some kids stay behind the cork line so they cannot go too deep. They need to stay in the shallow end less than 5 feet. The pool has blue and white walls. There is a cool eagle on the bottom of the pool and I can find flippers, kick boards, and goggles on the edge of the wall.

I go to the pool once or twice a week. During swim week I feel glad because we get to swim for one hour each day. The pool is an awesome place to have a good time.

My Classroom

by Kenneth

My Classroom in my school is a special place to me because I learn, do math, read stories, learn facts in science, and play with my friends. My wall in the classroom is very white, a little brown, and a little blue. The floor has a striped carpet, and the carpet is really soft. My classroom has lots of huge maps of the world, math posters, dictionaries, and lots of books to read.

My teacher is really nice because she helps us with our work, and she lets us watch a movie at lunchtime. She always needs help so sometimes our helpers help the fourth grade. Sometimes my desk buddies help me with my work. They help me and I help them. My teacher tells us stories. Even make believe stories.

One day my class and I learned facts about the moon, sun, earth and space. I learned that the moon was tilted, and the moon sometimes makes an eclipse. I will never forget the time I was at school in fifth grade!

WALK FOR THE CURE WILL BE SATURDAY, NOVEMBER 6TH

The walk, which has been postponed due to scheduling conflicts and weather, will be held on Saturday, November 6th!

Meeting time and place will be announced next week. We will walk around the loop, end at the boat harbor to release the memory balloons and have our duck race! See you there!

Thank you, Sand Point, for all of your support! Good Luck to your duck, too :)
