

GO GREEN WEEK!

April 22-26

Bring some empty bottles and cans to school on Wednesday to recycle them to make a cool sculpture, project, or craft with your class!

Monday: (No School!)

Tuesday: Presentations (Earth Day)

Pauloff Harbor Tribe and QTT Tribe will be going class to class giving presentations.

Wednesday: Build-A-Craft

Make a sculpture, project, or craft with the cans and bottles that you've collected. Get into groups of 3 or 4 and build a recycled sculpture, project, or craft that could be a decoration or a useful resource. Some ideas for a craft are on the back!

Thursday: Posters

Make a poster encouraging people to Go Green and hang it up in the city gym for the Earth Day Fair!

Friday: Green Day

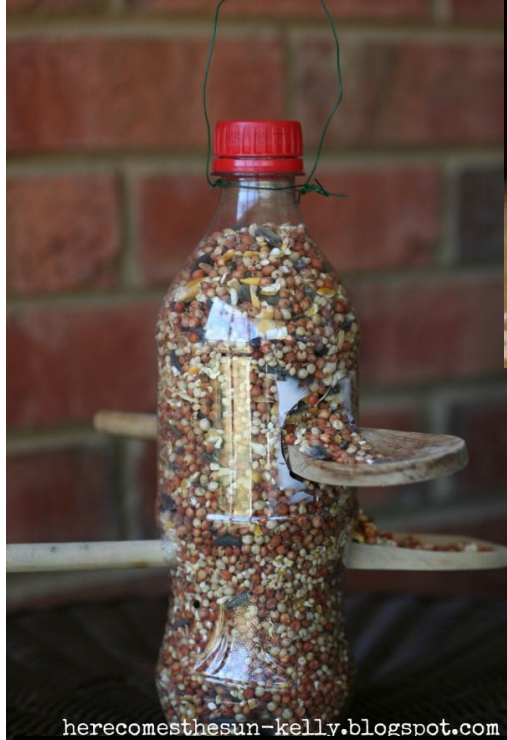

Wear green and show your support for going green. We will be presenting your projects in the gym and they'll be displayed at the Earth Day Fair for everyone to see the recycled craft that you've built.

Saturday: Earth Day Fair

Come to the Earth Day Fair starting at 11AM with the Green Walk and have some fun!

Please support Recycling and do good for our school, our town, and the world!

On the back are some ideas that your group or class can build!
