Agenda

- **Intro & Background info**
- **Old Business**
- **New Business**

Old Business

- **As an answer to the diversified tastes of the KSDP listeners:**

There's a plan to put in an FM transmitter, driven by student programming / student-produced content.

AM will stay focused on the music that older listeners have expressed they like anecdotally.

New Business

- **Austin asked us what our programming ideas are; this is what we said:**
 - Younger listener driven Top 40 music, maybe paid position as OJT or after school, to create 2 hour weekly show, broadcast on Fri evenings, maybe with a broadcast tie-in to the Tavern
 - Student crowd-sourced playlist, eventually morphs into a full-blown radio show
 - Fliers or lists around town with playlist suggestions
 - FM Transmitter: elective class running the music programs
-

- 12th grade English class focused on journalism with a regular rotation of student-produced news content (bring up scholarship hours with them...)
- Cut out jazz on late evenings, World Cafe at 7
- Broadcast Sunday church sermon, or maybe a pre-recorded show with Pastor Scott

- **Austin asked us what our community involvement ideas are; this is what we said and talked about:**

- Last year's 4th of July event was a lot of fun, and generally successful
- Partner fundraisers with some sort of incentive for kids to help
- Start of summer event
