1.1 Employment of Full-Time Radio Employees

Jump to question: [1.1](#)

Please enter the gender and ethnicity of each person with disabilities listed above (e.g. 1 African American female).

1.2 Major Programming Decision Makers

Jump to question: [1.2](#)

Please report by gender and ethnic or racial group the headcount of full-time employees having responsibility for making major programming decisions. Include the station general manager if appropriate. Major programming decisions include decisions about program acquisition and production, program development, on-air program scheduling, etc. This item should result in a double-counting of some full-time employees; employees having the responsibility for making major programming decisions should be included in the counts for this item and again, by job category above, in the full-time employee Question 1.1.

1.2 Major Programming Decision Makers

Jump to question: [1.2](#)

Of the full-time employees reported in Question 1.1, how many, including the station general manager, have responsibility for making major programming decisions?

1.2 Major Programming Decision Makers

1.6 Full-Time and Part-Time Job Openings

Jump to question: 1.6

Enter the total number of full-time and part-time openings that occurred during the fiscal year. Include both vacancies in previously filled positions and newly created positions. Include all positions that became available during the fiscal year, regardless of whether they were filled during the year. If a job opening was filled during the year, include it regardless of whether it was filled by an internal or an external candidate. Do not include as job openings any positions created through the promotion of an employee who stays in essentially the same job but has a different title (i.e. where there was no vacancy or newly created position to be filled). If no full-time or part-time job openings occurred, please enter zero.

6.1 Telling Public Radio's Story

Jump to question: 6.1

The purpose of this section is to give you an opportunity to tell us and your community about the activities you have engaged in to address community needs by outlining key services provided, and the local value and impact of those services. Please report on activities that occurred in Fiscal Year 2018. Responses may be shared with Congress or the public. Grantees are required to post a copy of this report (Section 6 only) to their website no later than ten (10) days after the submission of the report to CPB. CPB recommends placing the report in an "About" or similar section on your website. This section had previously been optional. Response to this section of the SAS is now mandatory.

Joint licensee Grantees that have filed a 2018 Local Content and Services Report as part of meeting the requirement for TV CSG funding may state they have done so in the corresponding questions below, so long as all of the questions below were addressed as they relate to radio operations in such report. You must include the date the report was submitted to CPB along with the TV Grantee ID under which it was submitted.

6.1 Telling Public Radio's Story

Jump to question: 6.1

1. Describe your overall goals and approach to address identified community issues, needs, and interests through your station's vital local services, such as multiplatform long and short-form content, digital and in-person engagement, education services, community information, partnership support, and other activities, and audiences you reached or new audiences you engaged.

Our region is noted for its large geographic spread, with an incredible sparse population that is underserved with technology and media. Because of this unique environment we are focusing on expanding our signal to new communities using Class D FM licenses. Because of our extreme circumstances we are extremely limited in monetary and human resources, but we offer local media services that no one else in our region can or will. We also stand apart in our horrible Internet services. The Aleutians East Borough is truly the last mile for broadband services, and prices are often cost prohibited for many households. Add to this the reality that fishing makes up the majority of our economy and the dependence on AM radio service for important news and fisheries updates, and you can begin to understand why Public Media in the Aleutians East Borough is so critical. Allow me quickly to give a quick synopsis on what we are doing to fulfill this priority: nearly everything we do goes onto the website, offering an archive of most everything we do and giving a cross-platform component to our work. This year we had all our governor candidates on the air twice, we had our state Representative candidates and one of our U.S. Rep candidates. We also run local PSA spots created for our underwriters that are specific to community activities and educational aspects that fit our region. We also have created technological links to our school, which have created a Local Area Network that connects our studio to the school with the intentions of making a STEM based program that allows the students to help run our FM station. This, along with our contemporary focused FM station in Sand Point have been our key initiatives for reaching the youth listeners in our village.

2. Describe key initiatives and the variety of partners with whom you collaborated, including other public media outlets, community nonprofits, government agencies, educational institutions, the business community, teachers and parents, etc. This will illustrate the many ways you're connected across the community and engaged with other important organizations in the area.

This last year we were given a line item in our Boroughs budget with the focus of expanding our coverage within our region and beginning new opportunities for teaching our students. We are working to establish a curriculum opportunity for journalism with the English departments in our two main schools. We work with the school to help set up sound and improve the quality of the community wide productions, we have continued to broadcast nearly every sporting event and basketball game for our schools and as previously stated we are creating new technical opportunities to teach networking and radio to our students. We have hosted our communities 4th of July event for the past 5 or 6 years, and this year we made it a complete fundraiser opportunity for our rising junior class to help fund their trip to Washington, D.C for the Close-Up program. Finally, we continue to broadcast and archive all of our city council meetings, Borough Assembly and School District meetings for our constituents to use.

3. What impact did your key initiatives and partnerships have in your community? Describe any known measurable impact, such as increased awareness, learning or understanding about particular issues. Describe indicators of success, such as connecting people to needed resources or strengthening conversational ties across diverse neighborhoods. Did a partner see an increase in requests for related resources? Please include direct feedback from a partner(s) or from a person(s) served.

We commonly receive phone calls and during my time in the community people often refer back to the radio station for information about what is happening in the community. When it comes to measurable levels of success, it is difficult in a community our size (2500 people spread over several hundred miles with no connecting roads between communities) to give a quantitative metric for success, but we have been approached by 2 new communities to start radio stations, we have increased our underwriting participation and municipal giving by several factors over the past several years, and we can see that people do stream online and visit our website/Facebook page at a consistent rate. I can say we are consistently referenced for information and given announcement and news to announce. As I said, this is hard to quantify, but the continued and even increasing level of engagement with our media content, it shows the impact Aleutian Peninsula Broadcasting continues to have.

4. Please describe any efforts (e.g. programming, production, engagement activities) you have made to investigate and/or meet the needs of minority and other diverse audiences (including, but not limited to, new immigrants, people for whom English is a second language and illiterate adults) during Fiscal Year 2018, and any plans you have made to meet the needs of these audiences during Fiscal Year 2019. If you regularly broadcast in a language other than English, please note the language broadcast.

Our main minority focus is for Alaskan-Native as the majority of our resident listeners are tribal members. We offer several programs that focus on this important cultural feature, and we are always trying to do whatever we can to promote cultural identity and empowerment. There is migrant worker component to our village based on the fish processing community in our town. It is literally like a second town within our village and it exists on essentially a separate plane. We have not found a solid way to engage this group, but we are open to considering how we could do this.

5. Please assess the impact that your CPB funding had on your ability to serve your community. What were you able to do with your grant that you wouldn't be able to do if you didn't receive it?

It is no exaggeration that we could do nearly none of what we do without the CSG. It accounts for around 80% of our overall funding, and with our State funding under serious threat this year, we are going to be even more dependent upon our CSG to complete our mission to serve this minority, rural station in the far reaches of the United States.

7.1 Journalists

Jump to question: 7.1

This section builds on the Census of Journalists conducted by CPB in the summer of 2010. These positions are the primary professional full-time, part-time or contract contributors to local journalism at your organization. The individuals in these positions will have had training in the standards and practices of fact-based news origination, verification, production and presentation. These are generally accepted titles for these positions but may not match position descriptions at your organization exactly. Please do your best to account for each professional journalist in your organization. Please do not count student or volunteer journalists.
