SUBJ: Monthly Report for August 2020

Here is a summary of the past month

- Continued work on the PERS issue. I look to have resolution within the next month or two.

- Welcomed Officer Richard Cooper to the Sand Point Police Department and continue to efforts with PD personnel to bring staffing back to full strength.

- Gave testimony to the Alaska Marine Highway Reshaping Working Group on the importance of ferry service to Sand Point.

- Handled several issues that arose as a result of the July 21 earthquake, some of which are covered later on in the agenda.

- Continue to track COVID-19 related costs so the City can get all eligible reimbursements. There’s movement on bills in Congress that would allow for more liberal use of CARES Act funds, but for now I am sticking to the original guidelines until official word comes down.

- FLOAT, the winning bidder for a portion of Ravn’s assets, has indicated that they will resume service using Ravn’s former aircraft and staff to former destinations, including Sand Point, in September.

- Lastly, I want to acknowledge the efforts of City employees in the face of the challenges this year has thrown at us and will continue to throw at us. This has not been an easy year with everything going on and I am deeply appreciative of your continued efforts.

Note from Brent:

I’d first like to thank the City Council, the Mayor, the City Manager as well as the citizens of Sand Point for the overwhelming support Officer Anderson and Myself have received during the transition of SPPD losing the former Chief (Hal Henning) and Officer Mark Chandler. This situation created some unique challenges for staffing as well as tackling the process of recruitment. THANK YOU!

Our first open position was filled with a Seasoned Law Enforcement Veteran of 42 years in Richard Cooper. Officer Cooper successfully completed his first 2-week rotation with Officer Anderson in July.

Our second open position has been offered to, and accepted by Justin Cash who is a current Sergeant with Bethel Police Dept. Officer Anderson and I have known Cash for approximately 3 years and he comes to us with glowing reviews from all who know and work with him. Officer Cash's first shift will be 09/01/20.

I’d like to commend Officer Anderson and Officer Cooper for their involvement in the Emergency response related to the recent Earthquake activity. There were some communication/technology challenges that were out of their control and both officers handled those challenges with efficiency and professionalism.

In closing, I’d like to voice my concern to our Mayor and Council with our current lack of EMS Director and low numbers of EMS emergency responders. Law enforcement are called upon at times to assist with EMS calls and have on a few occasions been needed to drive the ambulance due to lack of staffing. This creates a concern if officers are not available for Law Enforcement calls. Just a topic for discussion.

No report given at this time.
The Alaska hydraulic guy was here he said that the hydraulic oil was really contaminated metal fragments in the tank they changed one hydraulic pump he took the old one apart found out that it was bad still lots of issues with the travel lift I won’t lift any big boats its just not safe.

Gehl is broke down again got parts ordered so it should be up and running soon. Electric fork truck for the freight boat is down got parts ordered for that.

With the earth quake the city road to the docks dropped about 8 to 12 inches with major damage to the old warehouse the docks are closed to all traffic until further notice inspectors coming in by the time this is out we should have the reports on the docks got work to be done out there.

The new City dock is open for traffic in the works to fill in to the dock with gravel to ramp it for traffic to access the dock.

OF CITY BOND REFUND
Resolution 20-07 authorizes the Alaska Bond Bank to refund the bond issuance that was approved in 2012 and issued in 2013. This is part of a larger effort by the Alaska Bond Bank to refund (refinance) bonds held by several municipalities across the state in order to take advantage of lower interest rates. The exact interest rate and the subsequent savings, if any, cannot be known until the bond offering in September. The current projection for the bond offering projects a 3% net present value savings, which works out to roughly $95,000 over the remaining 18 years on the current bond, or approximately $5280 annually. This does not take into account the $10,000 cost to reissue the bonds, which reduces the annual savings to $4700. The new bonds would still require an annual payment and the maturation date in 2038 will remain the same if the new bonds are issued.

The offering remains out by over a month, so there is a chance the market could change between now and the bond offering date. This could result in the rate for bonds going lower or possibly increasing; the City is not obligated to participate in the bond offering if little or no advantage exists for the City. Should things change significantly in a month, which is always possible, the City can walk away and maintain the status quo without the bond reissuance fee. The uncertainty on exact rates is also the reason why the exact figures are not listed in the resolution, the final figures will not be known until shortly before the offering. This is standard for resolutions for bond offerings given the lag between the approval and issuance; the original 2012 resolution offering the bonds had similar blanks as part of the resolution.

While this is not a significant savings, I believe it is prudent to save money where we can and to lessen the obligations the City faces in the future. In light of this, I ask the City council to approve this resolution.
RESOLUTION 20-07

WHEREAS, pursuant to Ordinance No. 2012-03 of the City of Sand Point, Alaska (the “City”), adopted on October 9, 2012, approved by a majority of the qualified voters voting on the proposition at a special municipal election held on November 6, 2012, and Resolution No. 13-01 of the City, passed and approved on January 8, 2013 (the “2013 Bond Resolution”), the City issued its General Obligation Bond, 2013 (the “2013 Bond”), in the original principal amount of $3,070,000, of which $2,155,000 is now outstanding, for the purpose of paying the cost in whole or in part of the acquisition of property, planning, design, construction, reconstruction, expansion, and improvement of the Robert E. Galovin small boat harbor in the City; and

WHEREAS, under AS 29.47.300, if the City has outstanding general obligation bonds and the City Council determines it would be financially advantageous to refund those bonds, the City may provide by resolution for the issuance of general obligation refunding bonds, and under AS 29.47.320, no election is required to authorize the issuance and sale of refunding bonds; and

WHEREAS, under AS 29.47.340, refunding bonds may be exchanged for the bonds being refunded; and

WHEREAS, the City sold the 2013 Bond to the Alaska Municipal Bond Bank (the “Bond Bank”), as authorized by the 2013 Bond Resolution, on the terms and conditions set forth in, among others, the 2013 Bond Resolution and the loan agreement between the City and the Bond Bank dated as of March 1, 2013 (the “2013 Loan Agreement”);

WHEREAS, the Bond Bank issued its General Obligation and Refunding Bonds, 2013 Series One (the “2013 Bond Bank Bonds”), among other purposes, to provide funds to purchase the 2013 Bond, as provided in the 2013 Loan Agreement; and
WHEREAS, the Bond Bank has expressed its intent to issue refunding bonds (the “Bond Bank Refunding Bonds”) for the purpose of refunding a portion of the 2013 Bond Bank Bonds and achieving a debt service savings; and

WHEREAS, Section 6 of the 2013 Loan Agreement provides that payments of principal of and interest on the 2013 Bond may be adjusted to reduce debt service on the 2013 Bond if the Bond Bank is able to achieve debt service savings by refunding the 2013 Bond Bank Bonds; and

WHEREAS, the Bond Bank has offered to enter into an Amendatory Loan Agreement (the “Amendatory Loan Agreement”) to effect a reduction in debt service on a portion of the principal installments of the 2013 Bond (the “Refundable Principal Installments”); and

WHEREAS, the City Council wishes to effect a reduction in debt service on all or a portion of the Refundable Principal Installments by entering into the Amendatory Loan Agreement, issuing its general obligation refunding bond (and a replacement 2013 Bond) in exchange for the 2013 Bond and participating in the refunding of a portion of the 2013 Bond Bank Bonds;

NOW, THEREFORE, BE IT RESOLVED BY THE SAND POINT CITY COUNCIL:

Section 1. Definitions. In addition to the definitions specified elsewhere in this resolution, the following terms shall have the following meanings in this resolution:

(a) “Bond” means the general obligation refunding bond of the City, the issuance of which is authorized herein.

(b) “Bond Register” means the registration books maintained by the Registrar, which include the name and address of the owner of the Bond or the nominee of such owner.

(c) “Code” means the Internal Revenue Code of 1986, as amended from time to time, together with all regulations applicable thereto.

(d) “Continuing Disclosure Certificate” means a certificate relating to the Bond executed and delivered by the City with respect to compliance with paragraph (b)(5) of Rule 15c2-12 of the Securities and Exchange Commission, as such certificate may be amended or supplemented from time to time in accordance with its terms.

(e) “Government Obligations” means direct obligations of, or obligations the timely payment of principal of and interest on which are unconditionally guaranteed by, the United States of America.

(f) “Registered Owner” means the person named as the registered owner of the Bond in the Bond Register.

(g) “Registrar” means the City Administrator of the City, or any successor that the City may appoint by resolution.

Section 2. Authorization of Bond and Purpose of Issuance. The City Council hereby determines it would be financially advantageous to refund all or a portion of the Refundable Principal Installments by issuing the Bond (and a replacement 2013 Bond) on the terms and conditions provided in this resolution. For the purpose of providing the funds required to refund all or a portion of the Refundable Principal Installments and to pay all costs incidental thereto and to the issuance of the Bond, the City hereby authorizes and determines to issue and to sell the Bond. The Bond shall be designated “City of Sand Point General Obligation Refunding Bond,” with such additional series and year designation as the City Administrator may fix and determine. The City Administrator is authorized to fix and determine which of the Refundable Principal
Installments are to be refunded by issuing the Bond (and a replacement 2013 Bond) in exchange therefor.

The City has ascertained and hereby determines that each and every matter and thing as to which provision is made in this resolution is necessary in order to carry out and effectuate the purpose of the City in accordance with the constitution and the statutes of the State of Alaska and to incur the indebtedness and issue the Bond.

Section 3. **Obligation of Bond.** The Bond shall be a direct and general obligation of the City, and the full faith and credit of the City are hereby pledged to the payment of the principal of and interest on the Bond. The City hereby irrevocably pledges and covenants that it will levy and collect taxes upon all taxable property within the City without limitation as to rate or amount, in amounts sufficient, together with other funds legally available therefor, to pay the principal of and interest on the Bond as the same become due and payable.

Section 4. **Description of Bond.** The Bond shall be dated the date of its initial delivery, and each principal installment of the Bond shall be in the denomination of $5,000 or any integral multiple thereof, or such other date and denominations as may be determined by the City Administrator, and shall be numbered in such manner and with any additional designation as the Registrar deems necessary for purposes of identification.

The Bond shall bear interest payable semi-annually on the dates and shall mature on the date and each principal installment shall be payable annually in the amount and on the dates, all as shall be set forth in the Amendatory Loan Agreement.

Interest on the Bond shall be computed on the basis of a 360-day year composed of twelve 30-day months. The City Administrator is authorized to fix and determine the principal amount, maturity date, principal installments and payment dates, and the rate or rates of interest to be borne by such principal installments, provided that (i) no rate of interest on any principal installment shall exceed the rate of interest on the corresponding maturity of the Bond Bank Refunding Bonds; (ii) the net present value of the savings to the City effected by issuing the Bond (and a replacement 2013 Bond) and refunding the Refundable Principal Installments that are refunded shall be at least three percent (3%) of the aggregate principal amount of the Refundable Principal Installments that are refunded; and (iii) the Bond shall mature on or before six months after the date on which the last Refundable Principal Installment that is refunded is payable.

Section 5. **Place and Medium of Payment.** Both principal of and interest on the Bond shall be payable in lawful money of the United States of America which, on the respective dates of payment thereof, shall be legal tender for the payment of public and private debts. For so long as the Bond Bank is the Registered Owner, payments of principal thereof and interest thereon shall be made as provided in the 2013 Loan Agreement, as amended by the Amendatory Loan Agreement (the “Amended Loan Agreement”). In the event that the Bond Bank is no longer the Registered Owner, payments of principal thereof and interest thereon will be made by check or draft mailed by first class mail to the Registered Owner at the address for the Registered Owner appearing on the Bond Register on the 15th day of the month preceding the payment date, provided that the final installment of principal of and interest on the Bond will be payable at the office of the Registrar upon surrender of the Bond to the Registrar. If any principal installment of the Bond is not paid when due, the City shall pay interest on such principal installment at the same rate provided in the
Section 6. Optional Prepayment. The principal installments of the Bond shall be subject to prepayment, at the City’s option, on the dates and at the prices to be set forth in the Amendatory Loan Agreement. If fewer than all of the principal installments of the Bond are to be prepaid, the principal installments to be prepaid shall be determined by the City. Notice of any such prepayment shall be sent by the City not less than 50 days prior to the date fixed for prepayment by first class mail to the Registered Owner at the Registered Owner’s address as it then appears on the Bond Register. Notice of prepayment having been duly given and the prepayment having been duly effected, interest on the principal installments to be prepaid shall cease to accrue on the date fixed for prepayment.

Section 7. Form of Bond. The Bond shall be in substantially the following form, subject to the provisions of the Amended Loan Agreement, and with such changes as the City Administrator approves:

No. _____ $________

UNITED STATES OF AMERICA
STATE OF ALASKA
CITY OF SAND POINT
GENERAL OBLIGATION REFUNDING BOND

REGISTERED OWNER:

PRINCIPAL AMOUNT:

The City of Sand Point, Alaska (the “City”), a municipal corporation of the State of Alaska, hereby acknowledges itself to owe and for value received promises to pay to the registered owner set forth above (the “Registered Owner”), or its registered assigns, the principal amount set forth above in the following installments on __________ 1 of each of the following years, and to pay interest on each such principal installment from the date hereof until paid or provision for payment thereof has been made, payable on __________ 1, 20___ and semiannually thereafter on __________ 1 and __________ 1 of each year, at the following rates per annum:

<table>
<thead>
<tr>
<th>Year</th>
<th>Principal Installment</th>
<th>Interest Rate</th>
</tr>
</thead>
</table>

For so long as the Alaska Municipal Bond Bank (the “Bond Bank”) is the Registered Owner, payments of principal hereof and interest hereon shall be made as provided in the loan agreement between the Bond Bank and the City relating to this bond, as amended. In the event that the Bond Bank is no longer the Registered Owner, payments of principal hereof and interest hereon will be made by check or draft mailed by first class mail to the Registered Owner at the address for the Registered Owner appearing on the Bond Register on the 15th day of the month preceding the payment date, provided that the final installment of principal of and interest on this bond will be payable at the office of the City Administrator (the “Registrar”) upon surrender of this bond to the
Registrar. Interest on this bond shall be computed on the basis of a 360-day year composed of twelve 30-day months.

This bond is issued for the purpose of refunding certain principal installments of an outstanding general obligation bond of the City under Resolution 20-07 of the City titled:

(the “Resolution”).

The principal installments of this bond due on or after __________ 1, 20___, shall be subject to prepayment, at the City’s option, on and after __________ 1, 20___ in whole or in part, at a prepayment price of 100% of the principal amount to be prepaid, plus accrued interest to the date fixed for prepayment. If fewer than all of the principal installments of this bond are to be prepaid, the principal installments to be prepaid shall be determined by the City. Notice of any such prepayment shall be sent by the City not less than 50 days prior to the date fixed for prepayment by first class mail to the Registered Owner at the Registered Owner’s address as it then appears on the Bond Register. Notice of prepayment having been duly given and the prepayment having been duly effected, interest on the principal installments to be prepaid shall cease to accrue on the date fixed for prepayment.

This bond is transferable as provided in the Resolution, (i) only upon the Bond Register, and (ii) upon surrender of this bond together with a written instrument of transfer duly executed by the Registered Owner or the duly authorized attorney of the Registered Owner, and thereupon a new fully registered Bond in the same unpaid principal amount shall be issued to the transferee in exchange therefor as provided in the Resolution upon the payment of charges, if any, as therein prescribed. The City may treat and consider the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or prepayment price, if any, hereof and interest due hereon and for all other purposes whatsoever. This bond is a direct and general obligation of the City, and the full faith and credit of the City are pledged to the payment of the principal hereof and interest hereon. The City has irrevocably pledged and covenanted that it will levy and collect taxes upon all taxable property within the City without limitation as to rate or amount, in amounts sufficient, together with other funds legally available therefor, to pay the principal of and interest on this bond as the same become due and payable.

Reference is hereby made to the Resolution and any resolution supplemental thereto for a description of the rights of the Registered Owner of this bond and of the rights and obligations of the City thereunder, to all of the provisions of which Resolution the Registered Owner of this bond, by acceptance hereof, assents and agrees.
IT IS HEREBY CERTIFIED AND RECITED that all conditions, acts or things required by the constitution or statutes of the State of Alaska or the ordinances or resolutions of the City to exist, to have happened, or to have been performed precedent to or in the issuance of this bond, exist, have happened, and have been performed, and that this bond, together with all other indebtedness of the City, is within every debt and other limit prescribed by said constitution, statutes, ordinances, or resolutions.

IN WITNESS WHEREOF, THE CITY OF SAND POINT, ALASKA, has caused this bond to be signed in its name and on its behalf by its Mayor and its corporate seal to be hereunto impressed or otherwise reproduced and attested by its Clerk, all as of the _____ day of ______________, _____.

Section 8. Execution. The Bond shall be executed in the name of the City by the Mayor, and its corporate seal shall be impressed or otherwise reproduced thereon and attested by the City Clerk. The execution of the Bond on behalf of the City by persons that at the time of the execution are duly authorized to hold the proper offices shall be valid and sufficient for all purposes, although any such person shall have ceased to hold office at the time of delivery of the Bond or shall not have held office on the date of the Bond.

Section 9. Registration.

(a) The Bond shall be issued only in registered form as to both principal and interest. The City designates the City Administrator as Registrar for the Bond. The Registrar shall keep, or cause to be kept, the Bond Register at the office of the City.

(b) The City, in its discretion, may deem and treat the Registered Owner of the Bond as the absolute owner thereof for all purposes, and neither the City nor the Registrar shall be affected by any notice to the contrary. Each payment made as described in Section 5 shall be valid and shall satisfy and discharge the liability of the City on the Bond to the extent of the amount or amounts so paid.

(c) The Bond may be transferred only upon the Bond Register. Upon surrender for transfer or exchange of the Bond at the office of the Registrar, with a written instrument of transfer or authorization for exchange in form and with guaranty of signature satisfactory to the Registrar, duly executed by the Registered Owner or its duly authorized attorney, the City shall execute and the Registrar shall deliver a Bond of equal principal amount, subject to such reasonable regulations as the Registrar may prescribe and upon payment sufficient to reimburse it for any tax, fee or other governmental charge required to be paid in connection with such transfer or exchange. If the Bond is surrendered for transfer or exchange it shall be canceled by the Registrar.
(d) The City covenants that, until the Bond has been surrendered and canceled, it will maintain a system for recording the ownership of the Bond that complies with the provisions of Section 149 of the Code.

Section 10. Bond Destroyed, Stolen or Lost. Upon filing with the Registrar of evidence satisfactory to the City that the Bond has been destroyed, stolen or lost and of the ownership thereof, and upon furnishing the City with indemnity satisfactory to it, the City shall execute and deliver a new Bond identical in all respects to the Bond destroyed, stolen or lost. The person requesting the execution and delivery of the new Bond under this section shall comply with such other reasonable regulations as the City may prescribe and pay such expenses as the City may incur in connection therewith.

Section 11. Permitted Tax Covenants. The City may, but need not, covenant in the Amended Loan Agreement to comply with any and all applicable requirements set forth in the Code in effect from time to time to the extent that such compliance shall be necessary for the exclusion of the interest on the Bond from gross income for federal income tax purposes. The City may, but need not, covenant in the Amended Loan Agreement that it will make no use of the proceeds of the Bond which will cause the Bond to be an “arbitrage bond” subject to federal income taxation by reason of Section 148 of the Code. The City may, but need not, covenant in the Amended Loan Agreement that it will not take or permit any action that would cause the Bond to be a “private activity bond” as defined in Section 141 of the Code.

Section 12. Exchange of the Bond; Amendatory Loan Agreement; Continuing Disclosure Certificate. The exchange of the Bond for all the Refundable Principal Installments that are refunded (and the issuance of a replacement 2013 Bond), as provided in the Amended Loan Agreement and this resolution, are hereby authorized and approved. The Amendatory Loan Agreement and the Continuing Disclosure Certificate in substantially the form filed with this resolution are hereby approved. The Mayor and the City Administrator are each hereby authorized to execute and deliver the Amendatory Loan Agreement and the Continuing Disclosure Certificate in such forms, together with such changes not inconsistent herewith as may be approved by the Mayor or the City Administrator (such approval to be conclusively evidenced by such official’s execution and delivery of such document).

Section 13. Authority of Officers. The Mayor, the City Administrator, and the City Clerk are each hereby authorized and directed to execute such documents, agreements and certificates and to do and perform such things and determine such matters necessary and desirable for the City to carry out its obligations under the Bond, the Amended Loan Agreement, the Continuing Disclosure Certificate, and this resolution.

Section 14. Amendatory and Supplemental Resolutions.

(a) The City Council from time to time and at any time may adopt a resolution or resolutions supplemental hereto, which supplement thereafter shall become a part of this resolution, for any one or more of the following purposes:

(i) to add to the covenants and agreements of the City in this resolution, other covenants and agreements thereafter to be observed, or to surrender any right or power herein reserved to or conferred upon the City; or

(ii) to make such provisions for the purpose of curing any ambiguities or of curing, correcting or supplementing any defective provision contained in this resolution or in
regard to matters or questions arising under this resolution as the City Council may deem necessary or desirable and not inconsistent with this resolution and which shall not materially adversely affect the interest of the Registered Owner.

Any such supplement may be adopted without the consent of the Registered Owner, notwithstanding any of the provisions of subsection (b) of this section.

(b) With the consent of the Registered Owner, the City Council may adopt a resolution or resolutions supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this resolution or of any such supplement. It shall not be necessary for the consent of the Registered Owner under this subsection to approve the particular form of any proposed supplement, but it shall be sufficient if such consent approves the substance thereof.

(c) Upon the adoption of any supplement under this section, this resolution shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this resolution of the City and the Registered Owner shall thereafter be subject in all respects to such modification and amendment, and all the terms and conditions of such supplement shall be deemed to be part of the terms and conditions of this resolution for any and all purposes.

Section 15. **Defeasance.** Payment of any or all of the principal installments of the Bond may be provided for by the irrevocable deposit in trust of cash, noncallable Governmental Obligations or any combination thereof. The cash and the maturing principal and interest income on such Government Obligations, if any, must be sufficient and available without reinvestment to pay when due such principal, whether at maturity or upon fixed prepayment dates, together with interest thereon. The cash and Government Obligations shall be held irrevocably in trust for the Registered Owner of the Bond solely for the purpose of paying such principal and interest as the same shall mature or become payable upon prepayment, and, if applicable, upon the giving of notice of prepayment and notification to the Registered Owner that the deposit required by this section has been made and that such principal is deemed to be paid in accordance with this resolution. Such principal shall no longer be deemed outstanding hereunder. The obligation of the City in respect of such principal and interest shall nevertheless continue but the Registered Owner shall thereafter be entitled to payment only from the cash and Government Obligations deposited in trust to provide for the payment of such principal and interest.

Section 16. **Limitations on Recourse.** No recourse shall be had for the payment of the principal of or the interest on the Bond or for any claim based thereon or on this resolution against any member of the City Council or officer of the City or any person executing the Bond. The Bond is not and shall not be in any way a debt or liability of the State of Alaska or of any political subdivision thereof, except the City, and does not and shall not create or constitute an indebtedness or obligation, either legal, moral, or otherwise, of the State of Alaska or of any political subdivision thereof, except the City.

Section 17. **Severability.** If any one or more of the provisions of this resolution shall be declared by any court of competent jurisdiction to be contrary to law, then such provision shall be null and void and shall be deemed separable from the remaining provisions of this resolution and shall in no way affect the validity of the other provisions of this resolution or of the Bond.

Section 18. **Effective Date.** This resolution shall take effect immediately upon its passage and adoption.

OLD BUSINESS
COVID-19 UPDATE
Following the Council’s direction, I have attached four different grant applications that reflect Council’s discussion at the July meeting. The forms are similar as the very rough drafts reviewed last month, but they do reflect some key changes. Most notably, there is now a voucher utility waver for residents. Next, there is language clarifying that funding is available for the targeted areas but that funding will depend on the amount of applicants that meet the criteria; this is a departure from a guaranteed amount for each eligible applicant. These forms also include language that indemnifies and holds the City harmless if the applicant receives the award. The last major change ask for tax forms for two grant programs, which will make our annual audit go much more smoothly. Overall, the allocation proportion for each group changed very little.

With direction from Council, I will finalize these forms with new deadlines and then post blank applications online along with paper copies outside of the office. The deadline for applications tentatively set for September 3 so that they can be reviewed for completeness in advance of the September 8th council meeting.
Utility Hardship Waiver Application

The City of Sand Utility Hardship Relief program is intended to assist and support city utility residential customers who are unable to pay their utilities due to financial hardship caused by the COVID-19 pandemic. The program is not competitive nor first-come, first-served. All applicants meeting all eligibility criteria shall be entitled to a waiver of or reduction in their September through December city utility bills. The City of Sand Point anticipates a total of $56,135 will be available for relief to city utility residential customers suffering such financial hardship. Waivers will be for the full monthly utility amount, but the City reserved the right to limit the waiver to stay within the funds available. Applications must be received or postmarked by 5 p.m. on TBD.

Small Business Relief and Recovery Grant Application

The City of Sand Point Small Business Relief and Recovery Grant program is intended to assist and support local businesses respond and survive the COVID-19 pandemic. The program is not competitive nor first-come, first-served. All small business concerns (as defined as by Section 1101 of CARES Act) applicants meeting all eligibility shall be entitled to receive grant funds. The City of Sand Point anticipates a total of $110,000 will be available for distribution to small businesses. Grant amounts shall be divided into four levels, based on each business’ 2019 total gross sales revenue for four quarters as reported on tax returns to the City. Thus, the amount of any individual grant shall be determined by which of the four gross sales revenue levels the applicant qualifies for and the total number of eligible applicants. Applications must be received or postmarked by TBD 2020.

## Section 2 – Grant Request Information

Were the services provided by your nonprofit impacted by the COVID-19 public health emergency?  
☐ Yes  ☐ No

(Impacts may include, but are not limited to, loss of revenue due to mandatory shutdown measures, providing pandemic relief services, additional operating expenses of reopening and protecting staff and the public, including funds already spent for those purposes.)

Briefly describe how the nonprofit’s services have been impacted in the community:
What was your 2019 revenue (check only one):

☐ Less than $50,000 in annual revenue
☐ Between 50,001 and $250,000 in annual revenue
☐ More than $250,000 in annual revenue

(Grant amounts will be determined by the nonprofit’s most recent IRS Form 990 from either 2018 or 2019. For those nonprofits that do not file with the IRS, the City will accept an audited financial statement or an unaudited statement by a third-party preparer.)

Did your nonprofit provide services to residents of the City of Sand Point in 2019?  ☐ Yes  ☐ No

Is your nonprofit directed by a board of directors or a local advisory board comprised of a majority of Alaska residents?  ☐ Yes  ☐ No

Check which type of IRS certification your nonprofit holds:

☐ 501(c)(3) Charitable organization
☐ 501(c)(4) Social welfare
☐ 501(c)(5) Labor, agricultural or horticultural organization
☐ 501(c)(6) Trade or professional organization
☐ 501(c)(19) or (23) Veterans organization
☐ 501(e) Cooperative hospital service organization
☐ 501(k) Child care organization  ☐ Other (please specify):

(Faith-based nonprofits are eligible, so long as they provide services that are promoted and available to the general public without regard to religious affiliation. Nonprofit organizations “that are principally engaged in teaching, instructing, counseling, or indoctrinating religion or religious beliefs, whether in a religious or secular setting, or primarily engaged in political or lobbying activities” are not eligible (as per 13 CFR § 120.110(k) in the Code of Federal Regulations)

Applications must be received or postmarked by 5 p.m. TBD, and may be submitted by email to: grants@sandpointak.org or hand-delivered or mailed to Sand Point City Hall at 249 Main Street, Sand Point, AK 99661, Attn: Grant Review Committee. Applications may be amended before the deadline. Incomplete applications will be rejected. Applicants will be notified of the status of their application via email to the contact person listed on the application. Questions about the grant program, application process, or application status must be directed to Jordan Keeler, City Administrator, 274-7561, or email jkeeler@sandpointak.org.

If the demand for grants exceeds the City’s available funds, the City reserves the right to prorate the grants equally to all recipients to stay within available funding. It is the sole responsibility of the
applicant to determine or to seek independent advice as to the tax implications of receiving the grant funds. Applicant releases the City of Sand Point and its officers and employees for any claim it may have in any way arising out of or related to this application. Applicant agrees to indemnify and hold harmless the City of Sand Point and its officers for any demand or claim arising out of the application or applicant’s use of any funds awarded to it.

As an official signer for the applicant, I certify that the information provided in this application is true and accurate and acknowledge that the funds will be used for purposes authorized by the CARES Act and as indicated in this application by the required deadline of Dec. 30, 2020. I agree to assist in the verification of information provided in this application and to provide additional information to the city, if requested. I will provide a W-9 prior to receiving any funds. Sand Point Fishermen Relief and Recovery Grant Application

The City of Sand Point Fisherman Relief and Recovery Grant program is intended to assist and support CFEC salmon permit holders to respond and survive the COVID-19 pandemic. The program is not competitive nor first-come, first-served. All applicants meeting all eligibility criteria shall be entitled to receive grant funds. The City of Sand Point anticipates a total of $6000,000 will be available for distribution to permit holders. Grant amounts shall be divided into three levels, based on each permit’s 2019 total salmon sales to a processor with a Sand Point presence. Thus, the amount of any individual grant shall be determined by which of the three sales levels the applicant qualifies for and the total number of eligible applicants.

Applications must be received or postmarked by **TBD 2020**.

NEW BUSINESS
EARTHQUAKE AND DOCK UPDATE
The State of Alaska Department of Transportation and Physical Facilities conducted an assessment of both docks following the earthquake of July 21 and is attached for your review. The assessment did not include the breakwater, which is subject to a Corps of Engineers inspection that is being held on the date of this memo. The gist of the report is that the new dock is safe for AMHS and other traffic and the old dock is significantly damaged that appears to have been worsened by the earthquake. Fortunately, DOT+PF was able to cover the cost of the inspection of the old dock as it is still on the State’s bridge inventory. The report does recommend, but not require that the City hire a licensed Professional Engineer to further examine the new dock to see what repairs, if any, should be made. The earthquake also caused significant damage to the old warehouse. This structure is covered under the City’s AML/JIA insurance policy; however, earthquake-related damage has a $100,000 deductible but the building has a replacement value of $70,000.

This leaves the City in somewhat of a bind on how to move forward and how much, if any, the City is willing to spend on the aftermath. The old warehouse, on its face, does not appear to pencil out when weighing the deductible level versus the replacement cost. Again, the Corps of Engineers may provide further insight with the condition of the breakwater. A sticker question is how to approach the old dock. While there is damage and the dock is about at the end of its lifespan, it is insured and there may be value in having PND or another engineering firm come out and do a thorough inspection and give their recommendation, as well as give the new dock another once-over. The cost of this would have to come out of pocket, but if the damage isn’t too severe and insurance can cover replacement costs that give the City another 5-10 years of life from the old dock, it could be worth pursuing.

Mr. Jordan Keeler  
City Administrator,  
City of Sand Point  
3380 C St, Ste 205  
Anchorage, AK 99503  

Dear Mr. Keeler,

Alaska DOT&PF engineers performed an earthquake damage assessment on the “new” City of Sand Point dock, (Bridge No. 2362 – Sand Point City Dock II) on July 25, 2020 following the magnitude 7.8 earthquake that occurred on July 21, 2020. This structure is a city-owned, state-used (Alaska Marine Highway System (AMHS) port of call) facility located approximately 82 miles from the earthquake epicenter. The purpose of this assessment was to identify any resulting critical damage that would restrict the public’s use of the dock as part of the state’s AMHS operations.

Findings and recommendations are as follows:

**Bridge No. 2362 – Sand Point City Dock II:**

**Findings:**
- Signs of significant earthquake related movements of the dock and approach embankment were observed; however, no critical damage was found that would limit or reduce continued state / AMHS use at this time.
- Vertical embankment settlement of up to 12 inches obstructs vehicle access onto the dock structure. The embankment settlement is not considered critical to the dock superstructure and should be repaired with a new transition.
- Minor cracking and spalling at the cap/pile interface was observed. We believe this damage is likely earthquake related; however, it is not considered critical.
- Lateral displacement (up to 1 inch) of the superstructure was noted which may or may not be earthquake related and is not considered critical.

**Recommendations:**
- Based on the assessment of the DOT&PF inspection team, this structure may remain open to legal vehicular loads as part of the state’s AMHS operations.
- We recommend that the City contact a licensed Professional Engineer to perform a more thorough evaluation of structural and geotechnical condition of the dock and to determine the need for permanent repairs (if any).

“Keep Alaska Moving through service and infrastructure.”
Bridge No. 1756 - “Old” Sand Point City Dock:
At the request of the City, the Old Sand Point dock was given a courtesy visual inspection. It is worth noting the DOT&PF is in the process of removing this structure from National Bridge Inventory database since it is no longer used for AMHS operations.

Findings:
- Signs of significant earthquake related movements of the dock and approach embankment were identified and structural damage was observed.
- Inspectors identified several existing weld cracks at the abutment pile/cap interface that appear to have further propagated during this event. This connection is critical to the stability of the structure.

Recommendations:
- We recommend that the City contact a licensed Professional Engineer to perform a more thorough evaluation of the structural and geotechnical condition of the dock. The results of this evaluation can be used to make recommendations regarding the continued use of this structure and to determine the need for permanent repairs.
- The DOT&PF inspection team verbally recommended this structure be closed to public traffic until the more thorough evaluation mentioned above can be completed. We believe this recommendation to be prudent; however, we recognize that the City is in a better position to weigh the risks and benefits involved re-opening the dock to use.

Please contact the State Bridge Management Engineer, Larry Owen, PE at (907) 465-8897 or larry.owen@alaska.gov if you have any questions.

Sincerely,

Richard A. Pratt

DISASTER DECLARATION
Memo

To: Mayor Gardner  
From: Jordan Keeler, Administrator  
cc: City Council  
Date: August 6, 2020  
Re: Disaster Declaration

The disaster declaration is the result of the July 21 earthquake that caused damage to the waterfront infrastructure. Declaring a local disaster is the first step among many in order for a local government to become eligible for state and/or federal funding. This declaration also states that while there is damage, the scope of the assessment and possible repair is also beyond the City’s capability. However, the declaration does not guarantee that the state or federal government will also declare a disaster and open up funding in the future. If this does happen, and the City does not declare a disaster, the City would not be eligible for any funding. So, by having the declaration, the City is playing it safe and keeping the door open for future funding opportunities for repairing earthquake damage. Lastly, a local disaster declaration is declared by the local principal executive officer, which would be Mayor Gardner; no action is required by the Council for this.
WHEREAS, a M7.8 earthquake struck approximately 85 miles from the City of Sand Point on July 21, 2020 and was felt region-wide; and

WHEREAS, waterfront infrastructure plays a vital role in sustaining Sand Point through commercial, transportation and industrial activities; and

WHEREAS, the seismic effects of the earthquake caused visible damage to City-owned waterfront infrastructure including roads, buildings and docks; and

WHEREAS, a State of Alaska Department of Transportation team has performed a basic inspection of the two docks and found significant damage to the old dock; and

WHEREAS, the full extent of the damage is not known at this time due to the time and cost to bring specialized inspectors out to the remote location of Sand Point; and,

WHEREAS, the severity and magnitude is beyond the effective response capability of local resources; and there are insufficient regularly appropriated funds to cover these expenses, and:

THEREFORE, be it resolved that the Mayor of Sand Point does declare a Disaster Emergency per AS 26.23.140 to exist in Sand Point.

FURTHERMORE, it is requested that the Governor of the State of Alaska declare a Disaster Emergency to exist as described in AS 26.23 and provide disaster assistance to the City of Sand Point in its response and recovery from this event. The City specifically requests technical assistance and funding to evaluate the damage to, and perform the needed repairs to, the City roads, buildings and docks.

Please accept this letter, with résumé and attachments, as my application for the position of Police Chief with the City of Sand Point. I’ve reviewed the job description, along with department reports and city council agendas, and believe I would be an exceptional fit for the position.

I’m currently assigned as a patrol supervisor with a semi-rural Sheriff’s Office in Colorado, and have experience in rural Alaska. In addition numerous trainings/certifications in law enforcement, I also currently hold certifications as an EMT and firefighter. Along with this certifications, I have also managed an EMS program for the City of Saint Paul, AK, and assisted with the recruitment and training of volunteer firefighters. An important aspect of a chief administrator of any public safety agency is the efficient management not only personal but also a budget; to that end I have written and been awarded grants to purchase an off-road capable ambulance, dispatch & end-user radio system, and personal protective equipment.

I appreciate your time in reviewing my application and the opportunity to apply with the City of Sand Point.

Sincerely,

John Dodson

Ref: Chief of Police Position

Honorable Glen Gardner, Jr., Mayor
City of Sand Point
249 Main Street
Sand Point, AK 99661

Honorable Gardner:

I am writing this letter in response to the Chief of Police position. I believe that my qualifications make me an excellent candidate for the position. Through my career, I have upheld a proven record of integrity, leadership, and management.

After 26 years of service with the Miami-Dade Police Department, one of the largest departments in the Southeast United States, I honorably retired at the rank of Police Major and the Appointed Director of Seaport Law Enforcement, Safety and Security. I have been in the Corporate environment for the last 5 years, awaiting the right opportunity to compete for a position of Chief of Police in a smaller city department, where I can attain the quaint family quality of life and truly make it my next home. Therefore, after reviewing the City’s history, demographics, values, roles, as well as the Department’s functions and challenges, I truly find all the attributes I am seeking and know that I can apply my experience in management, operations, investigations, and Coast Guard Investigative Service, as the foundation to succeed in a new and challenging profession as your Police Department’s next Chief and resident of the City.

My assignments in the Internal Affairs Section; as the Executive Officer of the Department’s Recruitment Section; the Robbery and Homeland Security Bureaus; and the Seaport Operations Bureau have given me significant operational experience that will allow me to ensure the City provide its citizens with the quality of service they expect and deserve. My financial acumen effectively managing a $16.1 million budget, with 132 sworn and civilian staff, as well as diverse operational public safety units, together with my experience as the Commander of the Grants and Legislative Section, will prove beneficial in obtaining funding streams for the Department during these fiscally challenging times.

I am a graduate of Florida International University and hold a Bachelor Degree in Criminal Justice. Furthermore, I attended and graduated from the FBI National Academy, Session 235. I hold an active Law Enforcement Officer Certification from the State of Florida that will allow me to obtain reciprocity in Alaska. As part of my former military reserve position with Coast Guard Investigative Service, where I honorably served for 20 years and retired in June of 2019, I hold a Top-Secret clearance issued by the Department of Homeland Security. I speak, read, and write fluent English and Spanish. These skills coupled with my work experience will further my ability in moving the various disciplines of the Sand Point Department of Public Safety on the path of progressive service delivery.

Attached please find my resume for your review that depicts a broader view of my experience. I am looking forward for the opportunity to discuss ways in which I can help you and the City achieve its public safety goals and objectives. Please call me at (305) 970-8605 to discuss my experience and successes further.

Sincerely,

Alfredo Ferrer
CAREER PROFILE: I have over 28 years of combined law enforcement, U.S Coast Guard investigative, and Senior Corporate Security Management Experience. I hold an active Top-Secret Clearance issued by the Department of Homeland Security. For the last 5 years of my law enforcement career leading to my honorable retirement in 2015, I was a Police Major the Appointed Director of Law Enforcement Safety and Security with oversight of all public safety and security operations at PortMiami, a designated as a critical infrastructure.

CAREER HIGHLIGHT: As a Coast Guard Special Agent, I conducted a maritime investigation with the Government of the Bahamas that led to an arrest and Grand Jury prosecution of an individual. Dear Glen,

Please accept this correspondence as my letter of intent for your consideration for the position of Sand Point Police Chief. I have received the General Position Summary, Essential Duties and Responsibilities Description provided by Jordan. The details in the description are well within my capabilities to successfully perform these duties of Chief of Police. On several occasions throughout my career I have supervised, evaluated, and trained work groups as a first line supervisor. In addition, I have been successful in grant writing to obtain equipment and funding for the Washington State Patrol as well as the City of Kittitas Police Department. These details are listed on my resume which is on file with my original application.

I have been with Sand Point Police Department for 2 and half years and have enjoyed the people with whom I work and serve. During my tenure with the department, I have accomplished an overhaul of the property evidence system which was close to non-existent. In addition to this, I overhauled the departments case record system, organizing a record retention schedule which brought us into compliance with Alaska Statute. As part of this project, I had to communicate and work with other agencies in locating and returning or disposing private property which is also regulated by Alaska Statute.

I have been trained and certified by the National School Resource Officer Association and work as Sand Points first trained school resource officer. I wrote and established the memorandum of understanding between the Sand Point Police Department, Aleutians East Borough School District, and the Sand Point School.

In February of 2020 I obtained certification as Sand Point Schools Drug Abuse Resistance Education (DARE) Officer. I have been communicating with the new principal at Sand Point School, and together we are working toward establishing the program.

Since the untimely departure of Chief Hal Henning and Mark Alan, I have worked closely with Brent Nierman to quickly restore staffing which, if all goes well should be sometime next month. I have spoken and texted with Brent as to my intentions and he supports me taking on the position of Chief.

I believe being responsible, prudent, and realistic in my endeavors have allowed me to be successful in any path I pursue in my life. As Sand Points Police Chief, I believe by applying these same principals I will be successful in this role.

Thank you for your time and consideration.

Sincerely,

[Signature]

To: Hiring Authority

I am Vincent Garay, current Chief of Police of the Fort Yukon Police Department. I was born in the Philippines and raised in a military and law enforcement family. I started my own law enforcement career with the National Bureau of Investigation, Department of Justice Manila, Philippines. During my eight years there, I performed the duties of an intelligence agent, including witness protection, diplomatic protection, presidential protection and other duties assigned by the bureau. In 2000, I immigrated to the United States joining the rest of my family. In 2002, I put myself through the Sacramento Sheriff’s Academy to prepare for a position in Law Enforcement in the US. Due to a lack of citizenship, I was unable to be sworn into that department and began working as a corrections officer in Yolo County, California. To further my goal of working in law enforcement, I attended the Alaska State Trooper Academy. A family emergency interfered with my ability to take that position, but, once it resolved, I was fortunate enough to find a Patrol Officer position in Kotzebue, Arctic Alaska. During my time there I gained invaluable experience as a Patrol Officer in one of the harshest regions known to man. With minimal supervision, I performed Patrol, Investigation, Detective, CSI, CRT, and other duties, most often alone during my twelve-hour shift. I moved to Florida to be a part of a new and bigger department and to gain more experience in law enforcement. I returned to Alaska after two years and worked as a Patrol Officer in Kotzebue, Alaska working two weeks on and two weeks off. I was hired by the Department of Corrections in the State of Alaska as a Probation Officer II but had to leave after two months due to personal reasons. I was hired by Whittier Police Department as a seasonal Police Officer in April 2012 and was made a full-time employee. My wife and I decided that it was time to move to the mainland and I was fortunate to be hired with the Puyallup Nation Police Department in Tacoma, Washington. My wife was hired as the head of the Prosecution Office at the Lummi Nation in Bellingham, Washington after more than a year of trying to find work in the State of Washington. I had the opportunity to be hired by the Lummi Nation Police Department and move to Bellingham, Washington and be with my wife. On 06/2016, I was unfortunately laid off from the Lummi Nation Police Department due to budget cuts. I was then hired in Galena, Alaska as a Police Officer who had no Police Officer for about a year and started the Police Department from scratch. I am applying for this position because I feel that I have the knowledge, training and experience to perform all the tasks required by your department and would be a valued asset for years to come.
